BELGIUM: NATIONAL / REGIONAL REGULATIONS & REGIONAL CONTACT POINTS

	Country:	Belgium	
	Funding Organisation:	Fund for Scientific Research-FNRS (F.R.S.-FNRS)	
National Contact Point (NCP)	Name:	Email and Phone:	
	Joël Groeneveld	Email: joel.groeneveld@frs-fnrs.be Telephone: +32 (0) 2504 92 70	
Eligible Institutions	Basic research (low Technology Readiness Level) carried out in a research institution from the “Fédération Wallonie-Bruxelles” The FNRS will not fund industrial partners or any activity related to the private sector.		
Eligible Applicants	All eligibility rules and criteria can be found in the PINT-MULTI regulations .		
Eligible Costs			
Funding Commitment	Total Amount for the Call	Maximum Amount Per Proposal	
	€200,000	€200,000	
Other Funding Criteria	Subcontracting falls under the category Running Costs at the F.R.S.-FNRS. The total amount of subcontracting cannot exceed more than 20% of the total budget requested to the F.R.S.-FNRS.		
Relevant documents	General rules and regulations of F.R.S.-FNRS apply: www.frs-fnrs.be		
Additional Info	Forms to be submitted Applicants must provide basic administrative data by submitting an administrative application on Semaphore for the same deadline as the consortium application is submitted. Please select the “PINT-MULTI” funding instrument when creating the administrative application. Proposals invited to the second stage will be able to complete the pre-proposal form and provide information for the full proposal upon validation by the F.R.S.-FNRS.

BRAZIL: NATIONAL / REGIONAL REGULATIONS & NATIONAL CONTACT POINTS

	Country/Region:	Brazil	
	Funding Organisation:	Conselho Nacional das Fundações Estaduais de Amparo à Pesquisa (CONFAP)	
National Contact Point (NCP)	Name:	Email and Phone:	
	Elisa Natola	Email: elisa.confap@gmail.com	
Eligible Institutions	Public or private (non-profit) Higher Education and Research Institutions, Scientific Institutions, Technology and Innovation Institutions, based in Brazilian States corresponding to the Brazilian State Funding Agencies (FAPs) which participate in the call.		
Eligible Applicants	<p>Applicants must have a doctoral or equivalent degree, and be linked to a Research Institution located in Brazilian States participating in the call, through their Respective State Funding Agencies (FAPs); have scientific or technological production evaluated by Curriculum (<i>Súmula Curricular</i>)</p> <p>Applicants must necessarily comply to the specific eligibility rules and financing modalities, which shall be defined and disseminated in the respective websites of the participating FAPs (Guidelines for the call).</p>		
Eligible Costs	As a general rule, Brazilian FAPs finance scholarships, mobility and grants, related to scientific, technological and innovation projects.		
Funding Commitment	Total Amount for the Call	Maximum Amount Per Proposal	
	€ 1,390,000	(Depending on the State FAP)	
Other Funding Criteria	Details on eligible costs and specific funding amount made available for this call shall be provided by the respective participating Brazilian State Funding Agencies.		
Relevant documents	National Regulations		
Additional Info	<p>Proponents need to refer to their respective State Funding Agency (FAPs).</p> <p>Within the collaborative projects to be submitted to the present call, one or more FAP may be involved in the same consortium.</p> <p>Selection procedures: Each FAP will evaluate their relevant proposals by their own procedures. The final decision will be taken by the Call Steering Committee.</p> <p>The FAPs and their respective States participating in the call are listed below, together with their respective <u>provisional budget</u> for the call:</p>		

	<ol style="list-style-type: none"> 1. Fundação Araucária – Paraná – € 50,000 2. FACEPE – Pernambuco - €40,000 3. FAPDF –Federal District € 100,000 4. FAPEG – Goiás - € 100,000 5. FAPES – Espírito Santo - € 150,000 6. FAPESC - Santa Catarina - € 70,000 7. FAPESP - São Paulo - € 600,000 8. FUNCAP – Ceará – € 200,000 9. ESTONIA: NATIONAL / REGIONAL REGULATIONS & NATIONAL CONTACT POINTS

	Country/Region:	Estonia
	Funding Organisation:	Sihtasutus Eesti Teadusagentuur (ETAg)
National Contact Point (NCP)	Name:	Email and Phone:
	Aare Ignat	Email: Aare.Ignat@etag.ee Telephone: +372 73 1 73 64
Eligible Institutions	Research proposals may be submitted by the representatives of Estonian institutions, based in Estonia and conform to the Research and Development Act.	
Eligible Applicants	<p>Basic and applied research</p> <p>1. The Principal Investigator</p> <ul style="list-style-type: none"> 1.1. Has entered into an employment relationship with the Institution, which is the basis of the realization of the grant project and through which the grant shall be allocated to the Principal Investigator. 1.2. Has a updated profile in the Estonian Research Information System (ETIS). 1.3. Must be a holder of the doctoral degree of Estonia or an equivalent academic degree (both awarded by the deadline of submission of the grant application, at the latest). 1.4. Must have published within the last five years prior to the proposal's submission deadline at least three publications, which comply with the requirements of clauses 1.1 of the classification of publications of the Estonian Research Information System (ETIS), or at least five publications, which comply with the requirements of clauses 1.1, 1.2, 2.1 and 3.1 of the classification of publications of the ETIS; the monographs are equalized to each author with three publications mentioned in clause 1.1 if the number of its authors is three or less. If the applicant has been on the parental leave or in the compulsory military service within these last five years, the deadline of the publication requirement shall be extended by the time stayed on the parental leave or compulsory military service. <p>2. The Main Participant of the project is a person who participates in the substantial performance of the project. The main participant of the project shall either possess at least the master's degree or the respective qualification and must have published at least one publication within the last three years prior to the proposal's submission deadline, which comply with the requirements of clauses 1.1, 1.2, 2.1 or 3.1 of the classification of publications of the ETIS; or be a doctoral candidate.</p>	
Eligible Costs	<ul style="list-style-type: none"> 1. A budget of proposal shall consist of the research expenses and the overhead costs of the Institution. 2. The research expenses are personnel costs (incl. scholarships), travel costs, other direct costs and subcontracting costs. The expenses on research are clearly required to carry out the project and respectively identifiable. 3. Remuneration may be only paid out of the grant to the Principal Investigator, main participants in the project and auxiliary staff according to the time they participate in the grant project and their total salary cost for Institution. Double funding of activities already have contributions is not acceptable. 4. Scholarship equal to the state grant may be paid out of the grant to doctoral candidates not paid any salary by Institution. The scholarship for a doctoral candidate may not exceed 660 euros per month. Should a doctoral candidate participate in several projects financed by the Council, the total amount of the scholarship received from different projects may not exceed the aforementioned amount. 5. Travel costs cover expenses for transport, accommodation and daily allowances (except in case of internal travel). 6. Subcontracting costs cover generally only additional or complementary tasks (e.g. costs for translation, analyses, etc.) to the third parties. Core project research tasks should not be subcontracted. Subcontracting costs may not exceed 10% of the total costs. 7. Other direct costs are: <ul style="list-style-type: none"> 7.1. Consumables related to the project 7.2. Costs for publishing and dissemination of project results (fair distribution of costs between partners should be followed); 7.3. Costs for organizing the meetings/seminars/conferences (only in Estonia) 7.4. Fees for participating in scientific forums and conferences; 7.5. All other costs which are clearly required for the implementation of the project and respectively identifiable. 	

	<p>8. Overhead costs of the Institution must not exceed a maximum of 20% of eligible direct costs and should be cover general expenses of the Institution.</p> <p>9. Expenses not directly related to the project are not eligible, including costs for equipment and services intended for public use (copying machine or printer publicly used, phone bills, copying service, etc.). Such expenses shall be covered from the overhead fee.</p>	
Funding Commitment	Total Amount for the Call	Maximum Amount Per Proposal
	€100,000	€100,000
Other Funding Criteria	If in a consortium participates several Estonian research teams, their total maximum funding is €100,000	
Relevant documents	Research and Development Act	
Additional Info

Eligible Institutions	ALL	
Eligible Applicants	ALL	
Eligible Costs	Please refer to the EPA Guide for Applicants, Guide for Grantees and Terms & Conditions – Available at: http://www.epa.ie/researchandeducation/research/usefuldocuments/	
Funding Commitment	Total Amount for the Call	Maximum Amount Per Proposal
	€500,000	€150,000 for partners, €300,000 for coordinators – Max. IE Total budget requested by ALL Irish partners within the one proposal: €300,000
Other Funding Criteria	n/a	
Relevant documents	National Regulations: EPA Guide for Applicants, Guide for Grantees and Terms & Conditions – Available at: http://www.epa.ie/researchandeducation/research/usefuldocuments/	
Additional Info	Please see the Table below to “translate” the Water JPI Joint Call Budget Template into the corresponding EPA’s Budget Categories.	
Useful Links	http://www.epa.ie/researchandeducation/research/	

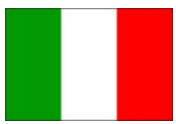

Budget form - Water JPI Joint Call	Corresponding Category in EPA Budget template	Note
Staff		
Research Staff	Staff Costs	Staff costs to be split between Pay, Employers Pension Contribution and Employers PRSI contribution
Technical Staff	Staff Costs	Staff costs to be split between Pay, Employers Pension Contribution and Employers PRSI contribution
Admin Staff	Staff Costs	Staff costs to be split between Pay, Employers Pension Contribution and Employers PRSI contribution
Equipment		

Budget form - Water JPI Joint Call	Corresponding Category in EPA Budget template	Note
Purchase of Equipment	Equipment	Split between significant asset (cost greater than €50k) - depreciation applied and no significant asset - depreciation not applied. Overheads not applicable to Equipment costs
Rental / Lease of Equipment	Equipment	Split between significant asset (cost greater than €50k) - depreciation applied and no significant asset - depreciation not applied. Overheads not applicable to Equipment costs
Depreciation of Equipment	Equipment	Split between significant asset (cost greater than €50k) - depreciation applied and no significant asset - depreciation not applied. Overheads not applicable to Equipment costs
Equipment Maintenance	Not applicable - considered to be covered by overheads	Split between significant asset (cost greater than €50k) - depreciation applied and no significant asset - depreciation not applied. Overheads not applicable to Equipment costs
Travel and Subsistence		
Travel & subsistence	Travel & subsistence	
Conference fees	Travel & subsistence	Could be communication costs - if presentation is delivered at conference
Fieldwork fees	Travel & subsistence	
Meeting costs	Travel & subsistence	
Consumables		
<i>All the material you need for the project development that it is not considered as equipment</i>		
Office supplies	Consumables	
Lab supplies	Consumables	
Software licences	Consumables	
Vehicle purchase/hire/running costs	Travel and Subsistence	Vehicle purchase would be equipment
Subcontracting		
In some countries, this is generally described as EXTERNAL SERVICE DELIVERY	External Assistance	
Other Costs		
Stipend (Bursary)	Staff Costs	
Tuition fees	Staff Costs	
Survey costs (incl. transcriptions)	Other Costs	
Other Misc. eligible costs	Other Costs	
Publication costs	Communication Costs	
Internal billing expenditures (expenses related to services which led to pricing and traceable in accounting, delivered by an entity (service, department, etc.) of the Beneficiary.)	Eligible only if traceable and justifiable

ITALY: NATIONAL / REGIONAL REGULATIONS & NATIONAL CONTACT POINTS

	Country:	Italy
	Funding Organisation:	Ministero dell'Istruzione, dell'Università e della Ricerca (MIUR)
National Contact Point (NCP)	Name:	Email and Phone:
	Aldo Covello Valeria Cardia	Email: aldo.covello@miur.it Telephone: +39 06.5849.6465 Email: valeria.cardia@miur.it Telephone: +39 06.5849.7333
Eligible Institutions	According to art. 60 of the Decree-Law n. 83/2012 and art. 5 of its implementing Ministerial decree 593/2016, the following entities are eligible, providing that they have stable organization in Italy: enterprises, universities, research institutions, research organizations in accordance with EU Reg. n. 651/2014 of the European Commission - June 17, 2014. Eligible participants must have a stable organization in Italy.	
Eligible Applicants	<p>The participant must not be defaulting with regard to other funding received by the Ministry. The participant must not have requested/got any other funding for the same research activities. The participant must respect the Italian law "D.Lgs. n 159 del 6/09/2011 e successive modificazioni ed integrazioni". The participant must not be subject to bankruptcy proceedings as of art. 5, comma 4, letter b) of DM 593/2016 or must not be a company in difficulty according to the definition under number 18) of article 2 "Definitions" of Regulation (EU) no. 651/2014. The participant must be in compliance with the obligations laid down in the contributory and social security regulations (DURC). The judicial and pending records of the legal representative of the participant are negative.</p> <p>For any participant, with the exception of public universities and public research institutions (Enti pubblici di ricerca), the following financial criteria, calculated using the data reported in the last approved balance sheet, must be fulfilled:</p> $CN > (CP - I)/2$ <p>Where:</p> <ul style="list-style-type: none"> •CN = net assets (Capitale netto) •CP = sum of the costs of all the projects for which public funding has been requested by the participant during the year •I = sum of the contributions received, approved or requested for the same projects $OF/F < 8\%$ <p>Where:</p> <ul style="list-style-type: none"> •OF = financial charges (Oneri finanziari) •F = turnover (Fatturato) 	
Eligible Costs	All activities classifiable as Industrial research and Experimental development are eligible for funding. Furthermore, Industrial research activities must be predominant with respect to Experimental development activities (in terms of costs). All costs incurred during the lifetime of the project under the following categories are eligible: Personnel, Equipment, Consulting and equivalent services, Consumables and Overheads. Overheads (spese generali) shall be calculated as a percentage of the personnel costs and cannot be higher than 50% of them. Travel expenses, dissemination and coordination costs are to be included in the overheads.	
Funding Commitment	Total Amount for the Call	Maximum Amount Per Proposal
	€500,000	€150,000
Other Funding Criteria	The amount of funding which can be granted to each beneficiary is calculated multiplying the eligible costs for the funding rate listed in the following table.	

Activity typology	Applicant typology	Funding Rates			
		Enterprises and private research bodies (which meets the requirements of research organization under EU Reg. no. 651/2014 of the Commission - June 17, 2014)			Universities, public research institutions, research organizations (public and private) in accordance with Reg. EU n. 651/2014 of the Commission - June 17, 2014)
		Small Enterprises	Medium Enterprises	Big Enterprises	
Basic Research	grant	40%	30%	20%	70%
Industrial Research	grant	40%	30%	20%	50%
Experimental Research	grant	30%	20%	10%	25%

On request of applicants a pre-payment may be done, equal to:

- 80 % of the total contribution for public entities;
- 5 0% of the total contribution for private entities.

The remaining part of contribute will be paid in instalments after each financial and progress reporting period.

Relevant documents	<ul style="list-style-type: none"> - Decreto legge n. 83/2012; - Decreto Ministeriale n. 593 del 26 luglio 2016; - Linee guida al DM del 26 luglio 2016 n. 593
---------------------------	---

Additional Info	<p>In addition to the project proposal, which shall be submitted at European level, the Italian participants are requested to submit further documentation to MIUR, through the national web platform, available at the following link: banditransnazionali-miur.cineca.it</p> <p>These national additional documents must be submitted by the same deadline established for the pre-proposal phase submission as defined in the international joint call.</p> <p>Any participant who does not submit its national documents by the deadline of the pre-proposal phase, will be considered not eligible for funding.</p> <p>MIUR will require to all Italian participants admitted for funding some additional documents describing more in detail the participant and its research activities within the project.</p> <p>It is strongly recommended to contact the National Contact Persons already in early stage of project preparation.</p> <p>The admission for funding is subject to the adoption of the necessary accounting and administrative measures for the allocation of the resources.</p> <p>Funded participants will be requested to submit financial and scientific reports to MIUR.</p>

National Contact Point (NCP)	Name:	Email and Phone:
	Ron Winkler	Email: r.winkler@nwo.nl Telephone: +31 70 3440722
Eligible Institutions	<p>Dutch universities or research institutes recognised by NWO (cf. NWO grant rules 2017). For this specific call, this includes TO2 and HBO institutes.</p> <p>TO2 institutes are defined as TNO, DLO (research institutes of Wageningen UR), the National Aerospace Laboratory (NLR), Energy research Centre of the Netherlands (ECN), Deltares and the Maritime Research Institute Netherlands (Marin). HBO institutes are defined as government funded HBO institutes as included in article 1.8 of the “Wet op het hoger onderwijs en wetenschappelijk onderzoek (WHW)”.</p>	
Eligible Applicants	<p>Funding can be applied for by assistant, associate and full professors or researchers with a comparable position who hold an appointment at eligible institutions.</p> <p>Specifically:</p> <ul style="list-style-type: none"> - Applicants must hold a doctorate and/or be professor. - Applicants must have a paid appointment for at least the duration of the application process and the research for which the grant is requested. - Employees who have a ‘zero-hours’ contract (0-aanstelling) or a contract as an unpaid guest researcher cannot apply. - Applicants may not apply for a position for themselves (if required with the exception of lecturers of medior researchers at TO2/HBO). <p>Non-eligible Dutch partners (e.g. private companies, foundations) may participate in a consortium at their own expense (i.e. as non-funded partner). These partners should provide written confirmation of their participation using the format provided by the Water JPI 2018 joint call.</p>	
Eligible Costs	<p>An individual Dutch applicant may request a maximum of €250,000 for only one project (part of a consortium) in this Water JPI 2018 call. The maximum NWO contribution per project is €250,000.</p> <p>For the salary costs at Universities and research institutes recognized by NWO the VSNU contract 'Akkoord bekostiging wetenschappelijk onderzoek' applies. For the Dutch Individual Project a grant can be requested for a postdoc researcher only (temporary position, maximum 3 years full time, per 1 July 2017: €220,095). This amount includes a bench fee of €5,000 for individual costs for the purposes of the research of the post-doc (e.g. publication costs, congress visits, etc.).</p> <p>In this specific call, TO2 and HBO institutes may request funding for a medior researcher (cf. post-doc salary scale 11 BBRA, maximum tariff is €79 /hr) or HBO lecturer (cf. salary scale 10 BBRA, maximum tariff is €72 /hr). These tariffs are based on the ‘Handleiding Overheidstarieven’ from the Ministry of Finance.</p> <p>The minimum appointment for a researcher on a project is 12 months 0,5 fte (VSNU) or 825 hours (TO2/HBO).</p> <p>A maximum of three different researchers may be appointed on a project.</p> <p>For material costs (consumables and travel) max. €50,000 can be requested (max. 20% of the total subsidy).</p> <p>A budget to cover equipment costs cannot be requested under this call. Applicants cannot apply for a grant to cover the costs of tenured staff (with the exception of senior researchers at TO2 or HBO institutes), student assistants, analysts or</p>	

	technicians, overheads, general laboratory equipment and the costs for maintenance, insurance, congress visits and publications. Costs for sub-contracting are not eligible for funding.	
Funding Commitment	Total Amount for the Call	Maximum Amount Per Proposal
	€870,000	€250,000
Other Funding Criteria	<p>Project duration: Min. 12 months – Max. 36 months</p> <p>Thematic priorities:</p> <p>Dutch participation should be in line with the Knowledge and Innovation agenda of the economic priority area Water and Martime (Topsector Water en Maritiem) and the Strategic Research and Innovation Agenda of the ministry of Infrastructure and Water management (IenW). Within the scientific scope and aims of the call as described in this call announcement there are some national priorities:</p> <p>Sub-theme 2.2 : reuse of waste water for drinking water (human consumption) will not be eligible.</p> <p>Sub-theme 2.3 : approaches to influence stakeholders (in particular citizens) towards desirable behavior, especially other than simple punishment/reward, are of particular interest for the ministry.</p> <p>Projects addressing theme 3 are not eligible.</p> <p>For IenW it is of utmost importance that projects are relevant for national water policy. Applicants are advised to contact Egon Ariëns: Programme manager Delta-approach Water quality and fresh water at the Ministry of Infrastructure and Water (IenW); egon.ariens@minienm.nl, +31 (0)6 52470746.</p> <p>Both NWO and the ministry of IenW encourage applicants to combine approaches from exact/technical sciences and social sciences /humanities in order to arrive at comprehensive solutions.</p>

SOUTH AFRICA: NATIONAL / REGIONAL REGULATIONS & NATIONAL CONTACT POINTS

	Country/Region:	South Africa
	Funding Organisation:	Water Research Commission (WRC) of South Africa
National Contact Point (NCP)	Name:	Email and Phone:
	Mamohlosing Tlhagale	E-mail: Mamohlosingt@wrc.org.za Telephone: +27 12 761 9300 (ext 2255)
Eligible Institutions	<ol style="list-style-type: none"> (1) Universities; (2) Science Councils/Research Institution; and (3) Private Sector conducting research, development and innovation. 	
Eligible Applicants	The lead researcher from the above-mentioned institutions.	
Eligible Costs	Direct project related cost: personnel, project activities and procurement of equipment and Other direct costs: consumables and travel costs (flight, accommodation, allowance and visa fees) to participate in the project kick-off and other obligatory project consortium meetings.	
Funding Commitment	Total Amount for the Call	Maximum Amount Per Proposal
	€150,000	Maximum of €50,000 per project for the duration of the project and not per annum.
Other Funding Criteria	<ol style="list-style-type: none"> (1) To access the national funding, all approved projects will be required to submit a funding application through the WRC Proposal Submission (FMS) Online System as the first step for the contracting process. The submission is mainly to capture the already approved project on the WRC system. The national reporting will also be done through the FMS system. The WRC offers WRC 101 courses around the country to the first-time applicants to demonstrate how the FMS System works. Information on the upcoming WRC 101 course is available on the WRC website: www.wrc.org.za. (2) All projects should be aligned to one or more of the WRC strategic objectives. Check WRC website for more information. (3) There must be a clear distinction of new elements and value addition to projects that have been previously funded by the WRC through national calls for projects further submitted to the WaterJPI call. Failure to clearly distinguish the new elements will lead to the project being rejected for national funding following JPI approval. 	
Relevant documents	National Regulations	
Additional Info	<ol style="list-style-type: none"> (1) SA partners are encouraged to include students in the projects for capacity building. (2) Before submitting the project outline to the 2018 call secretariat, it is advised that the SA partner share the project outline with the WRC also highlighting the required financial cost to the SA partner to get WRC endorsement to the project. The project outlines should be submitted to the WRC not later than 2 weeks before the call deadline to allow sufficient time for the WRC expert to assess the application. Those submitted in less than 2 weeks before the call deadline may not receive WRC endorsement prior to submitting the proposal to the call secretariat. (3) The WRC National Contact Point will facilitate and assist with partner matching between SA and for WaterJPI call partners countries. (4) To raise awareness and promote the call in SA, the WRC will share the information on the call information session that will be conducted virtually by the WaterWorks2017 and also live stream the session using WRC social media channels. The WRC will further conduct national information sessions targeted at large audience and also be available for bilateral meetings with individual institution as per invitation. 	
Useful Links	Any concerns relating to the FMS can be directed to fms-support@wrc.org.za	

SPAIN: NATIONAL / REGIONAL REGULATIONS & NATIONAL CONTACT POINT

	Country:	Spain
	Funding Organisation:	Centro para el Desarrollo Tecnológico Industrial, E.P.E.(CDTI)
National Contact Point (NCP)	Name:	Email and Phone:
	María José Tomás	Email: mariajose.tomas@cdti.es; dptosbcrn@cdti.es; Telephone: (+34) 91 581 5502
Eligible Institutions	<p>The eligible institutions must be for-profit enterprises (being Large companies or SME), established and carrying out RTDI activities in Spain.</p> <p>Other entities such as Universities, Public Research Institutions, Technological Centres, and other non-profit private institutions should check whether they meet the eligibility terms of AEI-MINECO, or alternatively, they could participate under subcontracting by Spanish companies (provided that, the entity or respective researcher is not requesting funding from AEI-MINECO simultaneously for the same activities).</p>	
Eligible Applicants	Please, see Eligible Institutions; the national eligibility check will apply to the enterprises based on their capabilities as a whole, not only to the Principal Investigators.	
Eligible Costs	<p><u>Eligible activities:</u> technology-based activities within industrial research and/or experimental development projects (in accordance with the definitions of the General Block Exemption Regulation, EC Regulation n°651/2014) representing outstanding scientific-technical quality and high innovative potential. The Spanish part of the proposed work plan must be developed in Spain.</p> <p>The eligible cost include:</p> <ul style="list-style-type: none"> ▪ Personnel costs, to the extent employed on the research project. ▪ Instrument and equipment costs, to the extent and during the period in which they are used for the project. ▪ Contractual research costs, technical knowledge and patents bought or licensed from outside sources at market prices, as well as costs of consulting services intended exclusively for the research project. ▪ Other costs (operating expenses) including materials, supplies and similar products, exclusively used for the research project. Audit costs for the national reporting of the project (when applicable). ▪ Additional general expenses (indirect costs, as a percentage of personnel costs). <p>Please note that management and dissemination costs <u>are not eligible for funding</u>.</p> <p>Applicants <u>must check the detailed description</u> of the eligible costs that will be published at CDTI website</p>	
Funding Commitment	Total Amount for the Call	Maximum Amount Per Proposal
	€700,000 (national contribution)	There is not a maximum amount per proposal, but the minimum eligible budget amounts to €150,000 (this amount applies to the project budget per partner, not the requested funding).
Other Funding Criteria	<p>Project duration: 12 to 36 months.</p> <p>Eligible Research themes:</p> <p>Please note that <u>only technology-based, industrial research and/or experimental development activities</u> are eligible for funding.</p>	

	Theme/Sub-theme	Eligibility
	Theme 1 - Enabling sustainable management of water resources ✓ Sub-theme 1.1 - Promoting adaptive water management for global change. ✓ Sub-theme 1.2 - Integrative management by implementing Natural Water Retention Measures (NWRM) such as Managed Aquifer Recharge (MAR). ✓ Sub-theme 1.3- Mitigating water stress in coastal zones	Eligible (technology-based activities)
	Theme 2 - Strengthening socio-economic approaches to water management ✓ Sub-theme 2.2 - The reuse of water. ✓ Sub-theme 2.4. - Promoting new governance and knowledge management approaches	Eligible (technology-based activities)
	<ul style="list-style-type: none"> ▪ Sub-theme 2.1 - Integrating economic and social analyses into decision-making processes. ▪ Sub-theme 2.3 - Connecting science to society. 	Not eligible
	Theme 3 - Supporting tools for sustainable integrative management of water resources	Eligible (technology-based activities)
Relevant documents	Relevant information can be found at the following link: “Financiación CDTI para Proyectos en el marco de acciones ERA-NET” http://www.cdti.es/index.asp?MP=101&MS=831&MN=2 Please check the National Funding Rules at: “Financiación CDTI para Proyectos de Investigación y Desarrollo” http://www.cdti.es/index.asp?MP=100&MS=802&MN=2	
Additional Info	<p>CDTI funding will be based on grants, which will be calculated as a percentage of the eligible costs, up to a maximum aid intensity of 60 % for small enterprises, 50 % for medium enterprises and 40% for large enterprises, according to the General Block Exemption Regulation (EC Regulation n°651/2014).</p> <p>Additionally to the international application process, those applicants requesting funding from CDTI must submit a formal application by way of CDTI electronic submission system (https://sede.cdti.gob.es). The application must include a detailed description, in Spanish Language, of the activities to be undertaken by the company and the respective budget. Applicants must indicate their VAT (CIF) number in all their respective applications (both international and national). Further guidance will be published on CDTI website.</p> <p>Specific financial conditions for ensuring the beneficiary’s solvency could be required according to CDTI funding rules. CDTI will avoid double funding, and will not finance projects, or parts of projects, which have been already, funded through other national, transnational or EU calls. CDTI will be responsible for making the final decision regarding the awarding of funds, taking fully into account the transnational evaluation of the collaborative project, the previous funds received by the participants for other related projects, the fulfilment of eligibility and funding rules, and the financial resources available.</p> <p>Applicants are strongly advised to check the detailed information available on CDTI website and to contact the NCP for getting advice about national funding rules before submitting a proposal.</p>	
Useful Links	For further information, please contact the NCP or visit CDTI website: https://www.cdti.es/

SWEDEN: NATIONAL / REGIONAL REGULATIONS & NATIONAL CONTACT POINTS

	Country:	Sweden
	Funding Organisation:	Swedish Research Council Formas (FORMAS)
National Contact Point (NCP)	Name:	Email and Phone:
	Kristina Laurell	Email: kristina.laurell@formas.se Telephone: +46 8 7754059
Eligible Institutions	Grants for research projects can only be administered by a Swedish university, university college or other Swedish public organisation that fulfils the grant administrating organisation eligibility requirements of Formas. Please check: Formas Eligible Institutions	
Eligible Applicants	To be eligible to apply for grants from Formas, main applicants and co-applicants must have a doctoral degree. Other people participating in the project (e.g. doctoral students, technicians, lab assistants) do not need to have a doctoral degree.	
Eligible Costs	<p style="text-align: center;">Eligible Costs</p> <p>Project grants from Formas may be used for financing of salary for researchers, doctoral students (up to three years) and technical staff (including social-security contributions). Grants may also be used to finance running costs (e.g. consumables, equipment under 500 kSEK, travel, conferences, publication in open access journals), equipment depreciation costs and premises costs.</p> <p>For existing employment positions, the current salary at the time of application (including social-security contributions) must be used for each of the subsequent years. For new employment positions the starting salary at the grant administrating organisation must be used for each subsequent year. Note that the total salary costs awarded by Formas for an individual researcher, doctoral student or other member of the project may never exceed 100 per cent of a full-time position.</p> <p style="text-align: center;">Budget specification</p> <ul style="list-style-type: none"> • Personnel: Salary costs including social fees and LKP • Travel (Missions): Traveling cost for meetings, data collection and so on. • Consumables (Running costs): All the costs that are related to the research activities as well as equipment under 500 kSEK, publications in open access journal, equipment depreciation costs and premises costs. • Overhead: Formas funds overhead costs according to the Swedish universities or institutions policies. <p>Subcontracting: Total costs for the subcontractors including their overheads and premises costs.</p>
